**Pacific Textiles Wins**  
**Hang Seng Pearl River Delta Environmental Award 2008/09**

Hong Kong, 9 December 2009 – **Pacific Textiles Holdings Limited** (“Pacific Textiles” or “the Group”; HKEx Stock Code: 1382) has been awarded the “Hang Seng Pearl River Delta Environmental Award 2008/09” (恆生珠三角環保獎) as well as the “Hang Seng Pearl River Delta Environmental Category Awards - Air Emissions and Noise Abatement (恆生珠三角環保項目獎－廢氣排放及噪音消滅)” jointly issued by the Federation of Hong Kong Industries (香港工業總會) and Hang Seng Bank in 2009, in recognition of the Group’s efforts and commitment in environmental protection.

The Hang Seng Pearl River Delta Environmental Awards 2008/09 Awards Presentation Ceremony was held today at Hang Seng Bank Headquarters in Hong Kong. Mr. Zhao Qi Zhi, Deputy General Manager – Engineering Department of Pacific Textiles received the awards from Dr. Kitty Poon Kit, JP, Under Secretary for the Environment, Mr. Cliff Sun, Chairman of Federation of Hong Kong Industries, and Mrs. Margaret Leung, Vice-Chairman and Chief Executive of Hang Seng Bank. Mr. Zhao has made significant contributions to the excellence of the Group’s eco-conscious activities.

Established by the Federation of Hong Kong Industries (FHKI) and Hang Seng Bank in 2007, the “Hang Seng Pearl River Delta Environmental Awards” was set up under the manufacturing category of the One Factory-One Year-One Environmental Project (1-1-1) Programme (一廠一年一環保項目 (壹-壹-壹) 計劃). Entering its second year, the Awards aim to recognize and encourage sound environmental practices by manufacturing companies in Hong Kong and the Pearl River Delta (PRD) region.

“At Pacific Textiles, we are committed to minimizing air emissions and maximizing noise abatement to protect the environment where we operate. All of us at Pacific Textiles are encouraged by this accolade to continue our efforts in achieving high standards in environmentally friendly manufacturing,” said Mr. Wan Wai Loi, Chairman of Pacific Textiles.

With its sights set on cleaner production, Pacific Textiles has implemented a number of environmental projects at its Panyu factory including upgrading and installing critical supporting facilities such as dyeing machines, power plant, water treatment facilities and water recycling plant. At present, recycled water accounts for around 60% of the Group’s total water consumption. In order to further increase its production capacity while minimizing the extra discharge of waste water, the Group is actively planning to expand the treatment capacity of its water recycling plant.

In line with its business strategy, Pacific Textiles has been dedicating efforts in maintaining high standards in environmental protection and has actively participated in a wide range of activities to promote environmental best practices. In the past year, its Panyu plant was accredited Environmentally Trustworthy Enterprise – Green Label (環保誠信企業－綠牌標示) by Guangdong Environmental Protection Bureau (廣東省環境保護局), and was awarded the Cleaner Production Corporation (清潔生產企業) recognition from the Economic and Trade Commission of Guangdong Province (廣東省經濟貿易委員會) and Guangdong Bureau of Science and Technology (廣東省科學技術廳).

###

## **About Pacific Textiles Holdings Limited**

Pacific Textiles is a leading manufacturer of knitted fabrics, with a focus on complex and value-added fabrics that are used in a broad range of garments. It also offers warp and weft knitting along with printing services. In 2007, Pacific Textiles diversified into non-apparel products through SPM Automotive to manufacture automotive fabrics. Currently, the Group's production plants are located in Panyu, China and Avissawella, Sri Lanka. In November 2008, the Group established a joint venture in Singapore with Fast Retailing Co., Ltd., the holding company of UNIQLO Japan, Crystal International Limited and Trendit Corporation, to jointly set up fabric and garment production facilities in Bangladesh. The Group was awarded the Cleaner Production Corporation (清潔生產企業) recognition from the Economic and Trade Commission of Guangdong Province (廣東省經濟貿易委員會) and Guangdong Bureau of Science and Technology (廣東省科學技術廳). The Company was listed on the Hong Kong Stock Exchange on 18 May 2007.
