Accordingly, the subsection titled “(ii) *Other debts and liabilities of the Company*” in the Announcement should be restated as follows, with amendments underlined for ease of reference:

“(ii) *Other debts and liabilities of the Company*

Other offshore liabilities of the Company would be extinguished in full. In return, creditors would receive new notes issued by the Company (the “**Class B Notes**”) in a principal amount corresponding to 50% (or such lesser percentage, depending on the percentage of the principal amount of their extinguished liabilities elected by the relevant creditors in accordance with the terms of the definitive documents for the conversion into newly issued ordinary shares of the Company) of the principal amount of their extinguished liabilities. Interest accrued following the Cut-off Date would be discharged in full.

The Class B Notes would have a maturity date of eight years after the Restructuring Effective Date. Interest will accrue at a rate of 2% per annum, payable semi-annually in arrears, and interest for the first three years after the Restructuring Effective Date would be payable entirely in kind.”
