#### Test Rite International Co., Ltd. Business Report

Dear Shareholders,

Even though Test-Rite was impacted by the US-China trade war, pension reform, and changes in customers' shopping patterns, its' accumulated revenue showed a steady growth in 2018. Under the efforts of all the employees, Test-Rite reported revenue of NT\$39.9 billion, net income of NT\$406 million, and basic EPS of NT\$0.8 in 2018. The Board has approved the management's proposal to distribute cash dividends at NT\$1.28/share, more than NT\$1.2 last year.

Test-Rite's trading business continued to hit a record in 2018, with a growth of 18.4% from 2017. Our agency business also delivered strong performance, with shipments up by 10.5% to NT\$13.3 billion. The substantial growth of the European and American markets drove the steady growth of shipments. Building on this momentum, Test-Rite decided to construct the second warehouse at the east coast of the U.S. Our strategy to sustain stable growth going forward encompasses the further expansion of sourcing on a global basis, development of a southbound policy, deepening relations with customers, strengthening product expertise and differentiation, and nurturing a new dynamism in delivering performance.

Our retail business in Taiwan was affected by a lackluster economic environment, the government's pension reform, and a weak real estate market. Our retail business reported revenue of NT\$16.5 billion in 2018, which was 1.7% lower than that in 2017. In response to the challenges posed by the external environment, we have intensified our customer-centric strategies through the integration of online and offline channels, a strong drive to increase online sales, and the use of new technologies to strengthen the shopping experience in retail stores. Having established a new retail business model, our TR Plus website saw a rise in sales by 43.4% to NT\$1 billion or more in 2018. At annual "November 11" festival, we combined our virtual and physical channels and posted a new single-day retail sales record of over NT\$200 million. Test-Rite also joined forces with Taobao, China's largest e-commerce platform, to launch a smart retail store, Taobao x hoi!, in Taiwan; meanwhile, TLW set a milestone with TLW Dadun, the first small-sized smart store. We remain poised to develop the full potential of all our retail channels.

As of the end of 2018, Test-Rite Group operated 27 TLW (DIY) stores, 26 HOLA stores, 2 Crate & Barrel stores, and 2 hoi! stores in Taiwan, as well as 21 HOLA stores in China.

The following is Test-Rite's consolidated operating result in 2018, along with the business plan for 2019 and future business strategies. We also include the highlight of potential influence from external competition, government regulations, and macroeconomic environment for your reference.

#### 2. 2019 business plan and future development strategies

(1) Business plan and managerial principle:

A. Retail Business

- Increase private label sales and differentiating products and further optimize supply chain and product costs.
- Strengthen the integration of topical embedded products, develop co-branding and exclusive products, and follow the film's promotion plan.
- Expand cooperation and product development with the end maker.
- Focus on expansion of existing brands on hand this year.
- Maintain the growth momentum of our TLW Home Improvement Service Unit in providing value-added services for our customers.
- Continue to improve interactive service and customer experience and further achieve optimal customer adhesion.
- Continue to expand sales channels, strengthen online and offline channels, and expand sales levels.
- B. Trading Business:
  - Reinforce our existing relationships with key accounts, such as Walmart, Hillman, Costco, Chewy and Autozone among others, to increase shipments.
  - Continue to leverage in-house design capabilities to provide differentiating products for both trading and retail businesses, so as to transform Test-Rite into a product company.
  - Both principal and agency maintain existing relationships with trading customers and aggressively pursue potential business opportunities.
  - Strengthen the global sourcing capabilities, deepen the southbound supply chain, and implement the diversification of procurement areas.
  - QAQC service deepens internal and external customer service.
- (2) Future development strategies:
  - A. Retail Business strategy
    - Reinforce product portfolio, increase sales of private label products to improve profitability, and develop personalized and functionally differentiated products.
    - Continue to introduce well-known and reputed products and brands.
    - Develop communities, provide services, get close to consumers' demand, and exploit more innovative services.
    - Enhance customer experience in retail stores.
    - Enrich our customers' online and offline shopping experience and integrate online and offline resources.
  - B. Trading Business strategy
    - Leverage product development, procurement, and supply chain management to offer best-in-class value-added products and services to our customers.
    - Strengthen self-development and designed capabilities, enhance customer experience, develop differentiated product functions, and respond quickly to meet market demand. Both principal and agency maintain existing relationships with trading customers and aggressively pursue potential business opportunities.
    - Seek M&A opportunities in the trade and retail businesses to achieve and enhance the organic growth of the existing businesses.

# **3.** Potential influence from external competition, government regulations, and macroeconomic environment

According to the Department of Statistics, M.O.E.A., the wholesale of household items and building materials increased by 3.27% and dropped by 1.03% YOY, separately, in 2018, showing that the real estate market was still in the correction stage after rebounding from the

bottom. The total number of houses transferred increased by 4.5% year on year in 2018. Demand mostly came from self-occupation rather than arbitrage. At present, the international economy lacks the momentum, and the China-US trade war brings the ripple effect. The Academia Sinica also conservatively revised down Taiwan's economic growth rate. If the regional housing market is short of large construction projects, or the overall economy lacks incentives, the trading volume of the housing market will not rebound quickly. Although the external environment has shown a clear sign of recovery, our retail business continues to focus on the things we have influence over in 2019, such as private label products and excellent customer experience, so as to secure our leading position in Taiwan.

Looking back at the international economic situation in 2018, global trade continued to heat up in the first half of the year, and oil prices remained high, resulting in the strong economic performance of major countries. The U.S. reported strong economic performance, with the stock market hitting record highs and the employment market growing steadily. Based on the figures of US PMI and NMI, the economy of the U.S. was still in the expansion stage. However, computer science and electronics, transportation equipment, machinery and construction industries were worried about the impact of the US-China trade war while the retailers believed that market demand remained strong. As the global economic expansion reached a peak in 2018, the economic growth of major trading countries will slow down in 2019; the oil prices will fall, and the adjustment of commodity price will be restricted, and mobile communication products will become saturated. In addition, negotiations between the U.S. and other countries are unclear. All factors mentioned above will result in the conservative demand of manufacturers. The global economic growth may face a slowdown in 2019.

With the impact of economic slowdown, rising debt levels, and the US-China trade war, China's economic growth rate was 6.6% in 2018, the lowest over the past 28 years. Under the pressure of government regulations, monetary contractions, and economic downturn, China's housing market and trading volume were sluggish in 2018. The slowdown in the real estate market and the economy brought severe challenges to HOLA China's online and offline stores. Despite the economic slowdown, China still has a huge demographic dividend and domestic demand, and competition remains intense for retailers.

Lastly, all employees of Test Rite Group will spare no efforts to adequately plan and manage our trading, retail and other group businesses in an honest, sincere and dedicated manner, with the objective to improve our balance sheet and further enhance returns on equity (ROE). We, the management team of Test-Rite, on behalf of all our employees, would like to take this opportunity to thank shareholders for your continued support and encouragement.

Sincerely yours,

Chairman: Judy Lee

GM: Sophia Tong

Controller: Linda Lin

#### 4.4 Policy

The group and its organizations shall abide by the operational philosophies of honesty, transparency and responsibility, base policies on the principle of good faith and establish good corporate governance and risk control and management mechanism so as to create an operational environment for sustainable development.

#### 4.5 Prevention programs

 (1) <u>The group and its organizations</u> shall in their own ethical management policy clearly and thoroughly prescribe the specific ethical management practices and the programs to forestall unethical conduct ("prevention programs"), including operational procedures, guidelines, and training.
 (2) when establishing the prevention programs, <u>The group and its</u> <u>organizations</u> shall comply with relevant laws and regulations of the territory where the companies and their business group are operating.

#### **4.6 Extent of prevention programs** When establishing the prevention

programs, <u>The group and its</u> organizations shall analyze which business activities within their business scope which are possibly at a higher risk of being involved in an unethical conduct, and strengthen the preventive measures.

(Omitted)

#### 4.8 Ethical Management of Commercial Activities

 (1)<u>The group and its organizations</u> shall engage in commercial activities in a fair and transparent manner based on the principle of ethical management.
 (2)Prior to any commercial transactions, the group and its organizations shall take into consideration the legality of its agents, suppliers, clients or other trading

#### 4.3 Legal compliance

The Company shall comply with the Company Act, Securities and Exchange Act, Business Entity Accounting Act, Political Donations Act, Anti-Corruption Statute, Government Procurement Act, Act on Recusal of Public Servants Due to Conflicts of Interest, TWSE/GTSM listing rules, or other laws or regulations regarding commercial activities, as the underlying basic premise to facilitate ethical corporate management.

#### 4.4 Policy

The Company shall abide by the operational philosophies of honesty, transparency and responsibility, base policies on the principle of good faith and establish good corporate governance and risk control and management mechanism so as to create an operational environment for sustainable development.

#### 4.5 Prevention programs

(1)The Company are advised to, in accordance with the operational philosophies and policies prescribed in the preceding article, establish in their own ethical corporate management best practice principle comprehensive programs to forestall unethical conduct ("prevention program"), including operational procedures, guidelines, and training.

(2) When establishing the prevention program, the Company shall comply with relevant laws and regulations of the territory where the companies and their business group are operating. 4.6 Scope of prevention programs When establishing the prevention program, the Companies shall analyze which business activities within their business scope which may be at a higher risk of being involved in an unethical conduct, and strengthen the preventive measures. The prevention program established by the Companies shall at least include preventive measures against the

preventive measures against following: (Omitted)

**4.8 Ethical Management of Commercial Activities**  counterparties and whether any of them are involved in unethical conduct, and shall avoid any dealings with persons so involved.

(3) When entering into contracts with its agents, suppliers, clients, or other trading counterparties, it is advisable the group and its organizations shall include in such contracts provisions requiring compliance with ethical corporate management policy and that in the event the trading counterparties are involved in unethical conduct, the group and its organizations may at any time terminate or cancel the contracts.

#### 4.9 Prohibition of offering and accepting bribes

When conducting business, the group and its organization and their directors, supervisors, managers, employees and substantial controllers, shall not directly or indirectly offer, promise to offer, request or accept any improper benefits, including rebates, commissions, grease payments, or offer or accept improper benefits in other ways to or from clients, agents, contractors, suppliers, public servants, or other interested parties, unless the laws of the territories where the companies operate permit so. 4.10 Prohibition of offering illegal

## political donations

When directly or indirectly offering a donation to political parties or organizations or individuals participating in political activities, the group and its organization and their directors. supervisors, managers, employees and substantial controllers, shall comply with the Political Donations Act and their own relevant internal operational procedures, and shall not make such donations in exchange for commercial gains or business advantages.

#### 4.11 Prohibition of improper charitable donations or sponsorship

When making or offering donations and sponsorship, the group and its organization and their directors, supervisors, managers, employees and substantial controllers shall comply with relevant laws and regulations and internal operational procedures, and shall not surreptitiously engage in

(1) The Company shall engage in commercial activities in a fair and transparent manner based on the principle of ethical management. (2)Prior to any commercial transactions, the Company shall take into consideration the legality of its agents, suppliers, clients or other trading counterparties and whether any of them are involved in unethical conduct, and shall avoid any dealings with persons so involved. (3) When entering into contracts with its agents, suppliers, clients, or other trading counterparties, it is advisable the Company shall include in such contracts provisions requiring compliance with ethical corporate management policy and that in the event the trading counterparties are involved in unethical conduct, the group and its organizations may at any time terminate or cancel the contracts. 4.9 Prohibition of offering and accepting bribes When conducting business, the Companies and their directors,

supervisors, managers, employees and substantial controllers, shall not directly or indirectly offer, promise to offer, request or accept any improper benefits, including rebates, commissions, grease payments, or offer or accept improper benefits in other ways to or from clients, agents, contractors, suppliers, public servants, or other interested parties, unless the laws of the territories where the companies operate permit so.

#### 4.10 Prohibition of offering illegal political donations

# Test-Rite International Co., Ltd. and Subsidiaries

Consolidated Financial Statements for the Years Ended December 31, 2018 and 2017 and Independent Auditors' Report

#### **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Shareholders Test-Rite International Co., Ltd.

#### Opinion

We have audited the accompanying consolidated financial statements of Test-Rite International Co., Ltd. (the "Company") and its subsidiaries (collectively referred as the "Group"), which comprise the consolidated balance sheets as of December 31, 2018 and 2017, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2018 and 2017, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2018. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter of the Group's consolidated financial statements for the year ended December 31, 2018 is as follows:

#### Existence of sales revenue

The Group's main source of revenues is export sales, and the export sales derived from one of the major customers has grown notably compared to last year's figure. We therefore considered that the existence of sales revenue from this major customer as a key audit matter for 2018. Refer to Note 4 to the consolidated financial statements for the Group's revenue recognition policies.

Our audit procedures in response to the existence of sales revenue included understanding and testing the design and the implementation of internal control of sales revenue and selecting samples of sales revenue items from this major customer to ensure the occurrence of transactions.

#### **Other Matter**

We have also audited the parent company only financial statements of Test-Rite International Co., Ltd. as of and for the years ended December 31, 2018 and 2017 on which we have issued an unmodified opinion.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2018 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Hung-Bin Yu and Ming-Yu Chiu.

Deloitte & Touche Taipei, Taiwan Republic of China

March 26, 2019

#### Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally applied in the Republic of China.

For the convenience of readers, the independent auditors' report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' report and consolidated financial statements shall prevail.

Where an audit committee has been established in accordance with the provisions of the Act, any transaction involving major assets shall be approved by one-half or more of all audit committee members and submitted to the board of directors for a resolution. If the are adopted or amended they shall be approved by one-half or more of all audit committee members and submitted to the board of directors for a resolution. If approval of one-half or more of all audit committee members as required in the preceding paragraph is not obtained, the procedures may be implemented if approved by two-thirds or more of all directors, and the resolution of the audit committee shall be recorded in the minutes of the board of directors meeting.

The terms "all audit committee members" and "all directors" shall be counted as the actual number of persons currently holding those positions.

2. Approval process transaction terms and authorized amount

(1) Either price comparison, bargain process and tender process shall be performed for acquisition or disposal of intangible assets <u>or right-of-use assets thereof</u> or memberships. Publicly announced present value, assessed present value and actual sold price for the real estate in the neighborhood. It should be composed by the analyst report and acted after the board of director' approval.

(2) Either price comparison, bargain process and tender process shall be performed for acquisition or disposal of intangible assets <u>or right-of-use assets thereof</u> or memberships. Publicly announced present value, assessed present value and actual sold price for the real estate in the neighborhood. It should be composed by the analyst report and acted after the board of director' approval.

3.Executable unit.

When the Company acquires or disposes of intangible assets <u>or right-of-use assets thereof</u> or memberships, it shall submit a proposal to

directors pursuant to the preceding paragraph, the board of directors shall take into full consideration each independent director's opinions. If an independent director objects to or expresses reservations about any matter, it shall be recorded in the minutes of the board of directors meeting. Where an audit committee has been established in accordance with the provisions

of the Act, any transaction involving major assets or derivatives shall be approved by one-half or more of all audit committee members and submitted to the board of directors for a resolution.

If the are adopted or amended they shall be approved by one-half or more of all audit committee members and submitted to the board of directors for a resolution. If approval of one-half or more of all audit

committee members as required in the preceding paragraph is not obtained, the procedures may be implemented if approved by two-thirds or more of all directors, and the resolution of the audit committee shall be recorded in the minutes of the board of directors meeting.

The terms "all audit committee members" and "all directors" shall be counted as the actual number of persons currently holding those positions.

Related Party, information regarding appraisal of the reasonableness of the preliminary transaction terms in accordance with Articles 3-1 and 3-4. (4) The date and price at which the Related

(4) The date and price at which the Related Party originally acquired the real estate, the original trading counterparty, and that trading counterparty's relationship to the Company and the Related Party.

(5) Monthly cash flow forecasts for the year commencing from the anticipated month of signing of the contract, and evaluation of the necessity of the transaction, and reasonableness of the funds utilization.

(6) An appraisal report from a professional appraiser or a CPA's opinion obtained in compliance with the preceding paragraph.
(7) Restrictive covenants and other important stipulations associated with the transaction

The calculation of the transaction amounts referred to in the preceding paragraph shall be made in accordance with Article 8-1 herein, and "within the preceding year" as used herein refers to the year preceding thedate of occurrence of the current transaction. Items that have been approved by the Audit Committee and recognized by the Board need not be counted toward the transaction amount. With respect to the acquisition or disposal of business-use equipment, of real property or right-of-use assets the between the company and its parent or subsidiaries, the Company's Board may pursuant to delegate the Board Chairperson to decide such matters when the transaction amount is within a over 300 million and have the decisions subsequently submitted to and ratified by the next Board meeting.

(Omited)

3. Evaluation process of reasonableness of transaction costs

(1) The Company, when acquiring real estate or right-of-use assets from a Related Party shall, evaluate the reasonableness of the transaction costs by the following means: a.Based upon the Related Party's transaction price plus necessary interest on funding and the costs to be duly borne by the buyer under Taiwan law. "Necessary interest on funding" is imputed as the weighted average interest rate on borrowing in the year the Company purchases the property; provided, it may not be higher than the maximum non-financial the preliminary transaction terms in accordance with Articles 3-1 and 3-4.
(4) The date and price at which the Related Party originally acquired the real estate, the original trading counterparty, and that trading counterparty's relationship to the Company and the Related Party.

(5) Monthly cash flow forecasts for the year commencing from the anticipated month of signing of the contract, and evaluation of the necessity of the transaction, and

reasonableness of the funds utilization.
(6) An appraisal report from a professional appraiser or a CPA's opinion obtained in compliance with the preceding paragraph.
(7) Restrictive covenants and other important stipulations associated with the transaction.

The calculation of the transaction amounts referred to in the preceding paragraph shall be made in accordance with Article 11 herein,and "within the preceding year" as used herein refers to the year preceding the date of occurrence of the current transaction. Items that have been approved by the Audit Committee and recognized by the Board need not be counted toward the transaction amount.

With respect to the acquisition or disposal of business-use equipment, of real property the between the company and its subsidiaries, the Company's Board may pursuant to delegate the Board Chairperson to decide such matters when the transaction amount is within a over 300 million and have the decisions subsequently submitted to and ratified by the next Board meeting. (Omited)

3. Evaluation process of reasonableness of transaction costs

(1) The Company, when acquiring real estate from a Related Party shall, evaluate the reasonableness of the transaction costs by the following means:

a.Based upon the Related Party's transaction price plus necessary interest on funding and the costs to be duly borne by the buyer under Taiwan law. "Necessary interest on funding" is imputed as the weighted average interest rate on borrowing in the year the Company purchases the property; provided, it may not be higher than the maximum non-financial industry lending rate announced by the Ministry of Finance. industry lending rate announced by the Ministry of Finance.

b. Total loan value appraisal from a financial institution where the Related Party has previously created a mortgage on the property as security for a loan; provided, the actual cumulative amount loaned by the financial institution shall have been 70% or more of the financial institution's appraised loan value of the property and the period of the loan shall have been one year or more. However, this shall not apply where the financial institution is a Related Party of one of the trading counterparties. (2) Where land and structures thereupon are combined as a single property purchased or leased in one transaction, the transaction costs for the land and the structures may be separately appraised in accordance with either of the means listed in the preceding paragraph. (3) The Company that acquires real estate or right-of-use assets thereof from a Related Party and appraises the cost of the real estate or right-of-use assets thereof in accordance with the provisions of paragraph 1 and paragraph 2 shall also engage a CPA to check the appraisal and render a specific opinion. (4) When the results of the Company's appraisal conducted in accordance with the provisions of paragraph 1 and paragraph 2 of the preceding Article are uniformly lower than the transaction price, the matter shall be handled in compliance with the provisions of paragraph 5. However, where the following circumstances exist, objective evidence has been submitted and specific opinions on reasonableness have been obtained from a professional real estate appraiser and a CPA have been obtained, this restriction shall not apply:

a. Where the Related Party acquired undeveloped land or leased land for development, it may submit proof of compliance with one of the following conditions:

(1)Where undeveloped land is appraised in accordance with the means in the preceding Article, and structures according to the Related Party's construction cost plus reasonable construction profit are valued in excess of the actual transaction price. The "Reasonable construction profit" shall be deemed the average gross operating profit margin of the Related Party's construction b. Total loan value appraisal from a financial institution where the Related Party has previously created a mortgage on the property as security for a loan; provided, the actual cumulative amount loaned by the financial institution shall have been 70% or more of the financial institution's appraised loan value of the property and the period of the loan shall have been one year or more. However, this shall not apply where the financial institution is a Related Party of one of the trading counterparties. (2) Where land and structures thereupon are combined as a single property purchased in one transaction, the transaction costs for the land and the structures may be separately appraised in accordance with either of the means listed in the preceding paragraph. (3) The Company that acquires real estate from a Related Party and appraises the cost of the real estate in accordance with the provisions of paragraph 1 and paragraph 2 shall also engage a CPA to check the appraisal and render a specific opinion. (4) When the results of the Company's appraisal conducted in accordance with the provisions of paragraph 1 and paragraph 2 of the preceding Article are uniformly lower than the transaction price, the matter shall be handled in compliance with the provisions of paragraph 5. However, where the following circumstances exist, objective evidence has been submitted and specific opinions on reasonableness have been obtained from a professional real estate appraiser and a CPA have been obtained, this restriction shall not apply: a. Where the Related Party acquired undeveloped land or leased land for development, it may submit proof of compliance with one of the following conditions: (1) Where undeveloped land is appraised in accordance with the means in the preceding Article, and structures according to the Related Party's construction
